

India's Top 50 Prestigious School Jury Awards 2020

Vidya Devi Jindal School Hisar, Haryana

#ChallengeAccepted

Covid-19 has posed a challenge to the existence of the Year 2020. We too have not been immune to this challenge. But, at VDJS, we read 'challenge' as 'opportunity'. We enthusiastically and positively brought about changes in every facet of our operations to script a new normal that is better and evolved.

The school displayed exemplary alacrity in constituting Risk Management Teams for giving shape to its COVID Mitigation Plan in alignment with the guidelines of the Ministry of Health and Education.

Teachers' Wellbeing

Teachers are an asset to the education system. Ensuring their welfare and happiness is vital for us, more so in a residential setup. With their experience and expertise of respective knowledge domains, they also take out time for their wellbeing. Mindfulness sessions, joyful meets, and virtual corridors have become an integral part of their new normal.

Optimum security measures for the wellbeing of the staff residing on campus is ensured through security checks like thermal scanners, fountain sanitization et cetera, at the school entrance. To minimize the possibilities of exposure, use of Aarogya Setu app, social distancing, face mask and

health awareness drives are mandatory. The movements of staff off-campus are restricted and arrangements for the supply of properly sanitized essential commodities through authorized vendors is made available on the campus.

Virtual Teaching-Learning

Teachers are constantly reviving their skills to match the objectives of education as per the NEP 2020. Supported by Microsoft teams, teachers are carrying out the academic curriculum inclusive of all the co-curricular activities to ensure students do not feel deprived of campus life.

Preparing to Welcome Students

The School has devised an effective plan of action for the safe return of girls in a sprawling campus once the reopening of schools is approved.

Arrival in a Phased Manner

700 resident scholars will return class-wise in a phased manner carrying a COVID clearance report.

Restructuring Classroom Setup & Other Activities

Online and offline classes for a group of maximum 15 girls in a class maintaining two-meter distance and the fixed seating arrangement. All other group activities are restructured to ensure social distancing.

Shalini Mehrotra
Principal

COVID-19 has reminded us that Health & Happiness is the driving force in making human existence meaningful. Thus, the

purpose of education should be to instil in every child the knowledge, skills, and attitude that would help her to lead a healthy and happy life. We ask our students, not what profession or career they would choose or how successful will they be tomorrow, but how they would like to make a difference in the life of others and how will they contribute meaningfully towards the environment for sustainable development of planet earth.

Restructuring the Boarding Houses & Dining Hall Operations

Minute guidelines on the entry and exit to the Houses, handling of personal belongings, and routine cleanliness have been defined.

The School Dining Hall will cater to students in shifts by the dedicated food handlers as per the guidelines of the WHO and other organisations.

Medical Health Facilities

24X7 functional Wellness Centre will ensure that Social distancing, sanitisation, regular health checks, and immunity-boosting remain at the back of all our plans.
