

NCC 'A' CERTIFICATE EXAM

JW NCC cadets of 3 HAR GIELS BN NCC, HISAR appeared for certificate 'A' exam on January 15, 2021.

10 cadets namely Simran, Shivanshi, Aasmi, Umekulsoom, Kashish Lohan, Deepali, Parkhi, Krishana and Nishtha Gupta appeared for the exam along with 180 cadets from different schools of Hansi, Hisar, Sirsa and Saffidon.

All the cadets appeared for a written test and were also tested for their practical skills in MAP READING, WEAPONS, FIELD CRAFT and DRILL. Result of the exam will be declared in the month of May and the cadets will receive a certificate from Ministry of Defense.

PERSONAL EXPERIENCES OF CADETS

It was a lot of fun being there with all the cadets. For the first time I got to see .22 rifle in real.

Shivanshi

I had an amazing time getting tested on my skills in various fields with my fellow cadets.

Aasmi Jain

It was overall a wonderful experience. I got to learn a lot of new things while giving the test.

Ume Kulsoom

It was a wonderful experience with a lot of fun. We got to learn lot of new things.

Simran Rawat

The experience of giving the examination was great. It was my pleasure to have such great learnings in just one day. I didn't expect that all of us will be giving examination in an open playground, all surrounded by such beautiful greenery. Sitting in such a beautiful place made my mind freshen up a lot and so my paper went very well. I was astonished to see such great enthusiasm in each and every person present there. I got such a great experience and learning from this exam.

Nishtha Gupta

I learnt a lot since the time of enrollment to giving my first exam of this kind in NCC. I was a little unsure about the fact that how am I going to reach there and most important preparation. But my parents supported me all through this and I was hence able to give the exam. Suman ma'am and other cadets were motivating throughout which boosted my confidence. 100 of miles were worth covering because I got to see the weapons so closely the map reading tools and many more.
