Ms. Anju Agrawal is a Freelancer (Interior designer) in Kathmandu (Nepal). She owns a firm named 'Aakaar Interiors' and runs a designer furniture manufacturing unit.

REFLECTIONS/ WRITE UPS

VDJS organised its inaugural edition of the Virtual Alumnae Talk Show 'Memory Junction' on Monday, November 23, 2020 for grades VIII-XII as the part of their alumnae connect programme. Six Ex Sarojinites, Dr Archana Jindal and Ms Anju Agrawal from the Batch of 1990, Ms Anamika Bisht, Dr Rajni Jindal, Ms Purva Bhalla and Dr Omprabha from the Batch of 1992 were the panelists for the first edition. Along with the students, members of the faculty, a few other alumnae and two former teachers attended the session. The session began with sharing of the messages from their teachers for them. Over a span of two hours the six panelists reminisced their times, shared interesting anecdotes of friends and teachers, spoke about the role played by school in shaping their lives and shared some valuable life lessons with the students. A rapid fire round with candid questions and equally candid answers added to the fun. In all it was an evening full of warmth, nostalgia and bonhomie.

MJ-1 offered a confluence of the old with the new. It was overwhelming seeing our alumnae scaling new heights in their lives and sharing their experience, talents and memories with us. Tied with an invisible thread

of connectedness, this junction of Alumnae Talk is reaffirming its connection and bridging the budding minds to aspire for diverse career opportunities. I wish these efforts all the best to reaffirm the connect with the- 'Home away from home.'

Mrs. Seema Dhillon, PGT Computer Science

The Memory Junction-1 was a new idea and a good initiative to keep us connected to our alumnae. The virtual platform gave us a chance to know about their experiences as they knew, they experienced the same as we are now experiencing. All the 6 speakers were just amazing, it gave us so much happiness to see them smiling and laughing by recalling their memories of VDJS. I feel these sessions motivate us even more as we see that they were the same few years back as we are now.

Vandita Banka, XII, Head Activities Prefect

It was indeed a great pleasure for me to be the part of the junction and sail into the journey of enchanting moments of happiness and nostalgia. It was an opportunity to reflect on our learnings and achievements. The wide spectrum of professional achievements of the speakers boosted my morale and I am now aspiring to be one of them with hard work and dedication towards my goal.

Vaani Garg, XII

The inaugural edition of MJ-1 was a captivating engagement with our alumnae wherein I got to know about the school life and success story of two alumnae of the Batch 1990 & 1992. I could see the love and deep sense of belonging that the six speakers brought with them and also witnessed the love and affection that the teachers who had taught them felt. I am sure I too will make such deep connections.

Latika , XII

Being a new student, I was always keen to know about the life at VDJS in the past. MJ-1 provided me a wonderful space to see the alumnae reminiscing their school days, their experiences that shaped them and the learnings which they carried from VDJS as the treasure. It provided me a platform to gain from their experiences and advice.
