The Memory Junction is a virtual platform showcasing a confluence of the old with the new. In Memory Junction-3, the speakers shared their very interesting stories, talents, skills, school life memories and many experiences. I even got an opportunity to interact with one of the speakers Ms. Anugya Aggarwal and it was indeed very amazing to know about their teaching style and philosophy. Attending the session of MJ lane was truly an enriching experience for me. It is really a great initiative taken by the school.

Memory Junction is a virtual platform that exhibits and inspires us with motivational talk show. MJ-3 was an addition to the series wherein I got to know about the school life and success story of two alumnae of the batch 2014. I really enjoyed the evening with the guests. The talk stated the nostalgia and feeling of oneness with our seniors of the school. Being a new student to grade XI commerce, it helped me understand better as to what a boarding life at school is all about. I find myself so very lucky to be the part of this amazing journey of memory Junction.

MJ-3 has strengthened my ties with alumnae as it was very captivating and enhanced engagement of the evening of one and half hours. Being a new student to the institution, I could see so many varied possibilities of connecting myself with the seniors in the form of Alumnae Talk Show. Ms. Anugya and Ms. Simran, the guests of the evening of the batch 2014, have shared a lot about their school life and profession life in the show. I was really delighted to listen them. Many students got the chance to interact with them. It was such a wonderful session. I am eagerly looking forward for more such profound evenings with our alumnae.

wonderful pieces of advice for the present students. The girls had several questions to ask ranging from school time nostalgia to college admission and career advice and the speakers had answers for all. Their former teachers Mrs Sunita Dixit, Ms Neelam Rai and Mr Dinesh Kumar also shared the memories of their association with them. The evening ended with a promise to have them on campus soon.

Memory Junction series are turning out to be the legacy of virtual connect with our seniors. I enjoyed attending the MJ-3 with Ma'am Anugya Aggrawal and Ma'am Simran Pradhan. It was a treat to meet them on the 72th Republic Day. I got to know a lot about how our seniors were in the past and how they exciting they used to be about their hostel life. Our guests inspired us to maintain good hobbies of reading and as to how travelling could be so much fun and add to the learning outcomes. MJ-3 gave us this opportunity to interact with the two leading professional personas in the face of our alumnae. It helped me understand the profession role of a Tax Consultant and an IB teacher. I loved to be the part of this outstanding journey of Memory Junction. I am waiting for the MJ-4 with my excitement in full swings.

The Alumnae talk Show, scheduled on 26.01.21 was a platform for me to recap the school memory of the two beautiful professionals divas as our alumnae. It was a great opportunity to have a conversation with Ms. Anugya and Ms. Simran as our alumnae from the batch 2014. They were so very kind to share their success stories with us. Being a commerce student, this talk kept me more exciting as Ms. Simran is a successful Tax Consultant. She was also the school Head Girl and hearing her has now assured me that opting the commerce stream was never a wrong decision for my career as I have always wanted to have such amazing career opportunities in the long run. Ms. Anugya is an enthusiastic person, who loves to keep doing on thing or the other. I hope every day I find myself as to be like her. It was indeed an amazing event and I am so very lucky to attend it.
