The fourth edition of Memory Junction, the VDJS alumnae talk show was held on Tuesday, 23rd February. The speakers were Chahak (Ex Sarojini 2016) and Loveleen Gill (Ex Savitri-2013). Loveleen is the Department Manager at Macdonalds Corp. Toronto Canada. Chahak is pursuing Post Graduation in Master of Social Work, University of Melbourne Australia. The focus of this edition was to help students understand the process of applying for foreign universities, the challenges and the rewards involved. The speakers gave very informative answers to students' questions related to pursuing management, education overseas, managing in a foreign country along with sharing their school time memories. Mrs Sunita Dixit and Dr Archana Sharma also joined the session along with a few other alumnae from different Batches.
