Change in Participant Registration Fee

The International Award for Young People is committed to offering the best quality support that Award Leaders and Participants (students) expect and deserve in order to have an efficient and fun-filled Award journey!

To substantiate the apprehensions and challenges put forth by the Coronavirus outbreak, we provided all the support and guidance, as we shifted to an online mode of operations.

In our continued attempts to provide the best guidance in running the Award 'from home', and to assist Award Leaders with Award Management through an online mode, with zero physical interaction required, we have initiated --

- An international digital tool, the Online Record Book (ORB) for Participant registrations and logging their Award Journey (replacing the physical registration forms, diary & record book.
- Monthly Award Leader Webinars to engage and interact with Award Leaders from all over the

country to discuss and help the Award Leaders with any problem they may have, in order to achieve the proper functioning of the Award at their institutes.

- Shifted to an extensive Online Mode of Award Leader Trainings, supported with adequate pamphlets and documents to be sent to the Award Leaders after the session to help them with their roles and duties.
- A weekly newsletter, The Award Weekly, to update all stakeholders of any developments at the NAO and to share success stories of our Award Participants, who did not let the pandemic deter their spirits and have found innovative new ways to continue their Award journeys.

The International Award for Young People, India, wishes to advise all its partner organisations and institutions that its Participant registration fee would be revised from the next financial year. This will be put into effect for new registrations starting April 1, 2021.

The revised fee is as follows:

- **Bronze Level: Rs.1000/- (participant's pay one-time fee)**
- **Silver Level : Rs.1000/- (participant's pay one-time fee)**
- **Gold Level : Rs.1500/- (participant's pay one-time fee)**
- **Open Award Centre: Rs.1500/- for All Levels (pay one-time fee)**
- **YES Centre License Fees will remain same as before.**

We have been constrained to effect this price increase after 6 years due to the unusual situation IAYP is committed to helping and guiding all its partnered institutes through any challenges and is confident to maintaining the highest standards of the International Award.

The Award in Action

Continuing our stories to showcase the tenacity, character and determination of Award Participants to continue their Award Journey in these unusual times.

A journey of commitment, empowerment and fulfilment

Tanisha Khetan; Bronze Level

Vidya Devi Jindal School, Hisar, Haryana

I am a Bronze level participant and have made this artwork under the Skill section of the Award Programme by the International Award for Young People, India.

Environmental pollution is increasing day by day and thus, I decided to re-use some waste and make the best out of it. For this, I took out my paints, brushes and other art stuff and collected some waste materials. For example, some broken accessories, screws, broken toys, etc. from around me and glued it onto a PVC pipe which was also a waste material and then painted it to convert the waste materials into an antique showpiece.

This activity was not just about reusing waste and discarded material as when I completed the art piece, it gave me a sense of achievement, satisfaction and pleasure, as well as the happiness of doing an enjoyable leisure activity, relaxing after my busy schedule of online classes.

I have great passion towards art and craft so, I keep doing such activities which help me bring out my creativity and exhibit my never-ending love towards nature!

Ram Krishna Mission Blind Boys Academy, Kolkata

We, at the International Award for Young People, are extremely pleased to share with the Award Community that the efforts of the Blind Boys' Academy, Kolkata have been recognised and shared by the Foundation on their YouTube channel.

The Duke of Edinburgh's International Award gives participants a sense of responsibility to participate in the world and influence for the better.

Blind Boys' Academy in Kolkata runs the Award, where students "can shape themselves and create a better future that can help them stand on their own two feet."

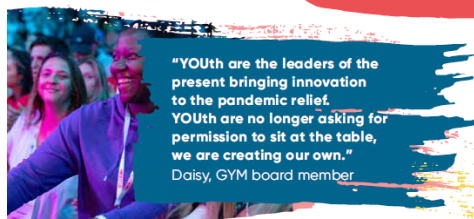

We urge you to like, share and spread the video in your networks!

We want YOU to get involved.

Hear from GYM youth board members who are championing the campaign on why it's so important for us to act now:

"It's up to us, the young people, to keep alive the hope for a better tomorrow, as well as to work for it. The youth must play a central role at developing creative solutions to problems we face today, because our present and our future relies on it. The GYS is the platform for us to get in touch, exchange ideas and learn in the process of building a better world." – Andres, GYM board member

"Youth are the leaders of the present bringing innovation to the pandemic relief. Youth are no longer asking for permission to sit at the table, we are creating our own." Daisy, GYM board member

"We as young people are facing countless setbacks and uncertainties during a global pandemic and I believe that the GYM comes at the right time giving much needed experiential learning for young people to mould themselves to follow their passions confidently."

In a time where technology brings us closer with everyone to widen the horizon of opportunities, GYS is a great platform to gain more knowledge, build our network and expand our skillset to make a difference in our communities as a strong young leader." Tharindra, GYM board member

Global Youth Summit -- What's Next?

Building on a network of young people engaged through the Big 6 youth organisations and other partners, the mobilization deploys four strategies to address the needs of young people:

1. **GRASSROOTS ACTIVATION FOR LOCAL SOLUTIONS:** an open call to all young people to submit their solutions to the health and societal COVID-19 challenges. More than \$2million is available through small funding opportunities for young people and youth-led organisations and an accelerator programme to scale up the most effective ideas.
2. **DRIVING NATIONAL CHANGE:** activation of national networks of the Big 6 in response to the impact of COVID-19 on young people and their local community. We are investing \$1.2million in national projects and providing capacity support across the Big 6.
3. **CHAMPIONING YOUNG PEOPLE:** contributing to the personal professional development of young people where formal and non-formal education channels have been disrupted.

Marking the centenary of HRH The Duke of Edinburgh. / The Founder's 100

Prince Philip was a champion of the infinite potential of young people and a pioneer in non-formal education and learning. As we mark his 100th year, the Award family is determined to ensure that The Duke's vision can continue and grow for many years to come.

We're launching our 'Founder's 100' campaign to help us achieve just that. Over the next three years, we plan to raise in excess of £25 million, to, amongst other things, help enable more than two million additional young people to start their Award journey, particularly those from at risk and marginalised backgrounds.

There are numerous ways you can get involved in and support the Award:

- **Invest in infinite potential:** Whether you are a school, business, NGO or government, there are opportunities to invest in the infinite potential of young people through the Award.
- **Inspire infinite potential:** Help to inspire young people to discover their infinite potential. There are a range of volunteering roles available around the world. And if you're an Award holder, share your story today to inspire others, using #worldready.

Call for Award Stories!

The International Award for Young People, India invites all of its Award Participants and Award Leaders to send us write-ups/stories of their Award journeys. The Coronavirus induced pandemic had brought about unprecedented changes and obstacles for all of us. Millions of people around the world have been affected by the COVID-19 virus outbreak. In several places, schools and youth organisations had to be closed and people confined to their homes to reduce the spread of the virus. This proposed a challenge before youth organisations like The International Award for Young People as we all shifted to an online mode of work. However, our young and motivated Award participants did not let the pandemic deter their spirits, and with the help and support of their Award leaders, many have successfully completed the Award. We thus, call upon all our Award Participants and Leaders to share with us their journeys of pursuing the Award during this pandemic. We would love to know and publish your Award success stories in The Award Weekly. Send us your Award stories and photographs at – ai@iayp.in with the following details:

- Name
- Institution
- Award Level
- Whether pursuing the Award or completed/Date of Completion

I compliment our Principal, teachers and all students of JVM for their bright and holistic future.

Bronze Level Adventurous Journey during Covid-19

Virtual Bronze Exploration of the Duke of Edinburgh's International Award for Young People

The International Award for Young People (IAYP) is happy to announce the release of the **Virtual Bronze Exploration for the Bronze Award Participants**.

The Virtual Bronze Exploration is a re-imagined virtual exploration that will help to develop the group work and team skills that underpin the aim of the Adventurous Journey section of the Award. These are core life skills that many people have learnt and used for their livelihoods over the period of lockdown. We believe that these will become increasingly important life skills for everyone.

Due to the restrictions in place in the country to halt the spread of COVID-19, we have developed this Virtual Exploration to provide an opportunity for young people to stay active and complete their Award Journey. This activity will help to develop the same group working and planning skills that are expected by all Adventurous Journeys. The Virtual Bronze Exploration is completed in 5 stages:

- i.Stage 1: Preparation & Training (Part A & Part B)**
- ii.Stage 2: Group Planning**
- iii.Stage 3: Practice**
- iv.Stage 4: Virtual Journey (Expedition)**
- v.Stage 5: Research Project (Exploration)**

The Preparation & Training stage (Stage 1) will be useful and act as a base level of knowledge for your Adventurous Journeys at the Silver and Gold levels. The Planning stage (Stage 2) will ensure that the whole group works together. The Practice Journey stage (Stage 3) is your chance to test some of the ideas in your plan. The day of activity for the virtual Journey in stage 4 is intended to give a flavour of a physical expedition, using videos of virtual walks from some beautiful parts of the world.

All YES Centres (and OAC Participants) are requested to write to vbe@dofe.in to get the required files and links and assist their participants to complete their Bronze Level Award Journey

Coronavirus (COVID-19)

Millions of people around the world have been affected by the COVID-19 virus outbreak. The safeguarding of all those connected to the Award – be they participants, volunteers or staff – is paramount and we know that you will be looking to your local public health bodies to ensure risks are managed appropriately in your Award Unit.

We recognize that the virus can make it difficult for some Award participants to maintain Award activities, but it doesn't have to. [Click here](#) for some creative ways for participants to continue their Award activities at home, whilst providing enough evidence to their Assessors and Award Leaders that they can continue progress to their goals.

It is paramount that anyone considering undertaking Award activities outside of the home in areas affected by the COVID-19 virus outbreak must consult their local public health authorities before

doing so.
