FEEDBACK BY STUDENTS -2022

"I have been performing taekwondo since grade V. Over the time, its become over of my favourite Sports. I could recall how boring my day would be if I didn't practice. The moment I got to know about the inter house competition, I increased my practice hours, in the end, all my efforts were worth it and I understand that Taekwondo is more than art for me. I am honoured to receive this award."

~Kinjal

CLASS X

ADM. NO. 9331 (SAVITRI HOUSE)

"Taekwondo is my favourite game. I have been performing this art since summer vacations, 2022. This award is a great thing that has happened to me because I never expected that I would ever receive the best player award. In the evening hours I practiced back kicks and I taught my classmates too. I will practice even harder."

~Rupanshi

CLASS V

ADM.NO.9792 (LAXMIBAI HOUSE)

Taekwondo has given me many opportunities to show my talent and to know my abilities , I have been performing taekwondo since when I was in grade 5th . In 2017 I was awarded as the best player junior which further motivated me to become a better version of myself. Throughout the journey my coach was there with me and has helped me to overcome my fear. The journey was incredibly perfect wherein which I went to Nationals and played IPSC also. This year that is in 2022 I have been awarded as the best player for the 2nd time.
