

CAREER NEWS

Editorial

Universities connected with us offer a variety of programmes throughout the year to explore different courses and career options. Tie-ups mean we can connect with these universities, allowing students and parents to visit campuses, invite them to career fairs, and attend sessions, workshops, boot camps, or online events and courses led by top faculty members. We regularly receive undergraduate content and updates, which maximise scholarship opportunities and improve the chances of admission. Through these connections, we are also in contact with admission heads, outreach teams, counsellors, and faculty. Our students have received significant scholarships in India and abroad, guided through the application process and financial aid opportunities. They have also participated in summer programmes at institutions like NUS (Singapore), Amity, Ashoka, BML Munjal, and the Oxford MUN at Flame University, where they interacted with faculty and visited campuses. Additionally, students have completed online courses from NMIMS and Ashoka. Every year, students visit Ashoka and O.P. Jindal University to learn about their admissions process and various courses.

Additional Tie-Ups Include:

- Top private Indian and international universities.
- National Programme on Career Awareness.
- Asia Pacific Career Development Association.
- IC3 (International Career and College Counseling Platform).
- UpGrad Abroad for study and scholarship options.
- Great Learning for abroad study opportunities.

MBBS, BDS, and Health Sciences Programs:

Students are increasingly interested in courses such as MBBS, BDS, and paramedical fields like Pharmacy, Physiotherapy, Radiology, Biochemistry, Biotechnology, Psychology, Forensic Science, Food Processing, Nutrition, and Dietetics. Students who do not secure a high NEET score can now consider these private institutions as a backup plan. We are connected with prominent private institutions in Delhi NCR and other regions for these courses.

Partner Colleges for MBBS/BDS:

Manipal (Bangalore and abroad), Amrita (Faridabad, Bangalore, Coimbatore), Maharishi (Ambala), Sharda (Noida), NIMS (Jaipur), Ramaiah College, PES (Bangalore), SRM (Chennai), Parul (Ahmedabad and Vadodara), Integral (Lucknow), Jamia Hamdard, SGT (Gurugram), Kalinga (Bhubaneswar), and others.

Engineering and Computer Science Tie-Ups:

We have also established partnerships with universities that focus on international curriculums, industry connections, placements, and internships for fields like Engineering, Computer Science (BSc, BCA), and BTech.

Partner Universities for BTech/BSc:

Manipal, VIT, BITS, BML Munjal (Hero Group), Bennett, K.R. Mangalam, Plaksha, SRM, Amrita, Alliance, Jain, Manav Rachna, Christ, NMIMS, Amity, NIIT, Mahindra, G.D. Goenka, MIT (Pune), Atria, and others.

Changing Trends in Courses:

Students are now opting for specialised programmes such as BBA in Branding & Advertising, Entrepreneurship, Business Analytics, Applied Finance, International Business, and Financial Markets. Other emerging fields include Computer Science with AI, Cybersecurity, Graphic Design, Commercial Pilot, Merchant Navy, Forensic Science, Legal Studies, and Criminology. Many students are also choosing dual degrees, 2+2 or 3+1 programs, semester exchanges, and summer programs or internships abroad.

For top private universities, competition is high, with institutions like Ashoka, O.P. Jindal, Flame, Christ, Symbiosis, and others offering scholarships to students who have strong academic and extracurricular profiles. Some universities now offer foreign degrees in India or have campuses in India. Examples include:

- UBS-AI University (Cardiff Metropolitan, UK)
- Indian School of Art & Design (Kingston, UK)

- Indian School of Hospitality (EHL and Le Roche, Switzerland)
- G.D. Goenka (Le Cordon Bleu, Paris)
